CONGRESSIONAL BLACK CAUCUS PAC ENDORSES MANDELA BARNES FOR U.S. SENATE  
The CBCPAC proudly endorses Lieutenant Governor Barnes in his U.S. Senate bid.

Washington, D.C. - The Congressional Black Caucus PAC announced today their endorsement of Lt. Governor Mandela Barnes in his bid for the U.S. Senate.

“The CBCPAC is proud to endorse Lt. Governor Mandela Barnes and his historic candidacy for the United States Senate in Wisconsin. Mandela grew up in a proud union home, and he’s been a champion for equity, opportunity, and middle-class families across Wisconsin ever since. Mandela is going to make history as the first Black Senator from Wisconsin and defeat Senator Ron Johnson, who sides with conspiracy theorists and the well-connected over the people of Wisconsin. We know Mandela will bring his passion and dedication with him to Washington, where he’ll fight to create opportunity in every corner of the state,” said Chairman Gregory Meeks.

“Lt. Governor Barnes has proven he knows how to build coalitions and fight for his constituents. He will be a much needed leader in the halls of the Senate. The CBCPAC is proud to help create a Senate that is more reflective of our nation by working in lockstep with Barnes and his team to make him the next US Senator from Wisconsin,” CBCPAC Executive Director, Yolonda Addison said.

Mandela Barnes will be the first Black man to represent Wisconsin in the U.S. Senate. As we celebrate this historic campaign, it is not lost on us that we are still celebrating many firsts. We strive to not only break the glass ceiling, but leave the door open behind
us to usher in new leadership, bridging the gap between generations, and allowing Black Americans to truly be represented in American government.

This year we are celebrating the 50th anniversary of the founding of the CBC, we are reminded of the enduring fight for Black political representation. In the 117th Congress, the conscience of the Congress is a resounding inner voice, boasting 6 Committee chairs, truly steering the body toward working hardest for ALL Americans.

###

The CBCPAC raised over $13 million dollars in the 2020 cycle in hopes to retain current Members of the Congressional Black Caucus as well as ensure that candidates running to uplift the Congressional Black Caucus’ values were supported. This allowed the CBCPAC to invest more than $6 million dollars directly into the 2020 election cycle with $2 million dollars going into an independent expenditure, $2 million+ more invested with partner organizations, and another $2 million+ dollars given directly to candidate campaigns. The CBCPAC aims to protect the sitting Members of the Congressional Black Caucus, elect new Members who will be allies for the CBC’s legislative priorities and candidates who will encourage, engage and excite voters to ensure they participate in the electoral process.
